During his tenure as Chairman of the Military Child Education Coalition, Lieutenant General (Ret) Pete Taylor played a critical role in the establishment of partnerships between military installations and school districts serving military-connected children.

In 2004, the MCEC Board of Directors established the Pete Taylor Partnership of Excellence Award in recognition of General Taylor's work and dedication to helping America's military children. This annual award encourages and applauds the outstanding partnerships that exist between military installations and school districts, and brings special recognition to those partnerships that demonstrate General Taylor's long-held belief that "goodness happens at the local level."

Congratulations to the 2017 winners of the Pete Taylor Partnership of Excellence Award.

OUTSTANDING COMMUNITY PARTNERSHIP AWARD – K-12

Alamogordo Public Schools & Holloman Air Force Base: A Partnership Committed to Excellence, New Mexico

NAMES OF PARTNERS:

- Holloman Air Force Base
- Alamogordo Public Schools
- Otero STEM
- New Mexico State University-Alamogordo
- New Mexico Space History Museum
- 49th Wing Mission Support Group
- 704th Test Group
- HAFB School Liaison Office
- HAFB STEM
- Brackish Groundwater National Desalination Research Facility
- Emerging Technology Ventures
- City of Alamogordo
- Alamogordo Police Department
- New Mexico Academic Advising Association

Alamogordo Public Schools (APS) and Holloman Air Force Base (HAFB) are proud to share a partnership that is second to none. With the addition of the 54th Fighter Group and F-16 pilot training and maintenance squadrons, our district has enjoyed an increase in the number of military-connected students served, which account for 30% of our student population. In 2015, in order to address the growing need for support, APS created a full-time position of a Military Liaison to serve as both an advocate for military students as well as a resource for school administrators and Holloman leadership in understanding the Military Compact.

The relationship between our military and schools continue to grow and flourish through an Educational Partnership Agreement with the 704th Test Group, which supports STEM-related activities in our schools and community. Through this agreement, we have reached over 6,000 students by participating in the world's largest, STEM/Aviation Expo, supplementing our elementary science curriculum with necessary lab equipment and lessons, providing a flight simulator program at all five of our secondary schools and placing tutors, mentors, and volunteers in K-12 classrooms, developing a community-wide enthusiasm for science, technology, engineering, and mathematics.

An example of a "win" on behalf of military students is Jayden who arrived in the summer of 2016. Although academically successful, due to his father's military transfer, he did not qualify for National Honor Society (NHS) in the fall because he did not have a full semester at APS. Petitioned by Jayden's parents and citing the military compact, the principal retroactively allowed Jayden's induction into NHS based on his prior high school's transcripts.

We strive to give that support and encouragement back to our military families and take pride in honoring all those who serve through special recognitions, such as the Military Child Parade and Celebration, our "Adopt-A-Squadron" initiative, and the City of Alamogordo's Military Appreciation Day. We look forward to a continued partnership, committed to the education, safety, and happiness of our children.

EXEMPLARY COMMUNITY PARTNERSHIP AWARD – K-12

Big Red Community and the Great Place, Texas

NAMES OF PARTNERS:

- Fort Hood
- Belton Independent School District
- Belton Chamber of Commerce
- City of Belton
- Carl R. Darnall Army Medical Center
- Fort Hood School Liaison Office
- Military Order of the Purple Heart

The partnership between Belton Independent School District (Belton ISD) and Fort Hood provides crucial support for military-connected students and a connection to the broader community for the entire military family.

Every campus participates in the Fort Hood Adopt-A-School program and with the exception of the early childhood school, every campus is part of the Military Child Education Coalition's Student 2 Student program. At Belton High School, military-connected students in secondary schools can receive primary care services at a school-based health clinic operated by Fort Hood's Carl R. Darnall Army Medical Center.

Twice a year, the City of Belton, Belton Chamber of Commerce and Belton ISD join together to host Meet Belton for Military Families. The event provides an opportunity for military-connected families to build relationships with each other and to explore community resources. It is an extension of the work of the Belton Area Military Spouses Support group coordinated by the Belton Chamber of Commerce.

Service is a core value for the Big Red Community and Belton ISD's schools hold events each year to recognize the contributions and sacrifices of those who have served, and those who are serving as well as their families. Belton New Tech High School @Waskow's name celebrates the legacy of Belton High School alumnus Captain Henry T. Waskow, whose death at the battle for San Pietro during World War II was memorialized by Pulitzer Prize winning journalist Ernie Pyle. The school was the first in the country to receive a Purple Heart designation from the Military Order of the Purple Heart.

Building Strong Minds and Bodies, Oklahoma

NAMES OF PARTNERS:

- Fort Sill
- Lawton Public Schools
- Comanche County Department of Health
- Comanche County Memorial Hospital
- Fit Kids of Southwest Oklahoma
- Freedom Elementary
- Lawton Christian Schools

For more than 20 years, partnerships between Fort Sill and the Lawton/Fort Sill community have improved health, fitness, and academic outcomes for children and families. As a Fit Kids of Southwest Oklahoma chapter, Fort Sill works with local school districts, Comanche County Memorial Hospital, and Comanche County Department of Health to increase public awareness of nutrition and fitness on long-term health outcomes. This group encouraged Freedom Elementary School's involvement in the Alliance for Healthier Generation's Heathy School program.

In 2016, Freedom Elementary became the first school located on a military installation and one of only fourteen in the nation to achieve Gold Level recognition. Army Partnership with Local Area Schools (APLAS) volunteers provide assistance with physical education and sports programs along with academic support, which resulted in improved scores on standardized tests for most partner schools. Summer Escape is a holistic three-week program encompassing nutrition, physical activity, art, culture, and science along with a healthy dose of sunshine and vitamin D for approximately 80 students annually.

Teachers at Freedom Elementary note that physical activity breaks resulted in better concentration in their classroom and food service changes made in conjunction with the Health Schools program was especially helpful to families with students with special needs. These successful programs are replicated in other schools around the Fort Sill area.

GEAR UP 4 STEM, Missouri

NAMES OF PARTNERS:

- Whiteman Air Force Base
- Knob Noster Public Schools
- FIRST Robotics
- National Math + Science Initiative
- Northrop Grumman
- Whiteman Air Force Base Community Council
- Department of Defense Educational Activity

Great Expectations and Results Urgency Plan 4 Science, Technology, Engineering and Math (GEAR UP 4 STEM) is a collective partnership between Knob Noster Public Schools, Whiteman Air Force Base, National Math + Science Initiative, Northrop Grumman, Department of Defense Educational Activity, and the Whiteman AFB Community Council which focuses on bringing enhanced career and college alignment to military-connected students.

With two out of every three Knob Noster students being military-connected, GEAR UP 4 STEM represents a direct response to an ongoing outcry from parents to align the district's academic programs to meet the needs of our students. Likewise, the transition to university-recognized Advanced Placement (AP) courses also responds to the clear and present need to streamline the records transfer process for students who are subject to frequent Permanent Change of Station (PCS) moves.

Outcomes of GEAR UP 4 STEM include expanded AP courses in STEM subjects, curricular and co-curricular learning opportunities through FIRST Robotics, and embedded high-quality training for teachers. In the first year alone, Knob Noster High School recorded over 150 students enrolled in AP courses, which is remarkable for a high school with an enrollment of just over 300 students. Further, in its inaugural season, the Stealth Panther Robotics Team earned appearances at the Missouri State and the World Robotics Championships, earning top honors for all rookie teams.

The unique partnership of the GEAR UP 4 STEM initiative represents a shifting awareness of the need to be immediately responsive to the needs of military-connected students.

AIM High TN, Tennessee

NAMES OF PARTNERS:

- Tennessee General Assembly
- Military Department of Tennessee, Office of the Adjutant General
- Governor’s Books from Birth Foundation
- McGhee-Tyson Air National Guard Base
- Memphis Air National Guard Base
- Assisi Foundation
- Clarksville-Montgomery School District
- Great Schools Partnership
- Hamilton County Schools
- Metro Nashville Public Schools
- Middle Tennessee State University
- Military Child Education Coalition
- Sevier County Schools
- State Collaborative on Reforming Education (SCORE)
- Tennessee Higher Education Commission
- Tennessee Organization of School Superintendents

AIM (Achievement Innovation Measurement) High TN is an initiative led by military, education, and community leaders from across Tennessee to support military-connected children. AIM High TN works to raise awareness about the unique challenges military families face, provide educational resources to military families, and support the academic success of military-connected students.

AIM High TN conducted research to determine the specific needs of military-connected children in schools, what messages would be most effective, and the most mediums for communications. Using this quantitative and qualitative information, AIM High TN launched a website with resources for military families, distributed thousands of pieces of literature to military-connected families, and engaged in dozens of outreach events across Tennessee.

Tennessee has never before had an initiative specifically dedicated to serving the academic success of military-connected students. AIM High TN used innovative ways to communicate with teachers, districts and military members including focus groups, news media, literature, and online resources.

RECOGNIZED INDIVIDUAL PROJECT AWARD

Italian Cooperative Program, Florida

NAME OF COLLABORATIVE PARTNERS:

- Eglin Air Force Base
- Okaloosa County School District
- Consul General of Italy in Miami
- Italian Delegation, Eglin Air Force Base
- Filippo Marazzi Foundation
- Mayac, Inc.
- MB America
- Organization for the Diffusion of the Italian Language

The Organization for the Diffusion of the Italian Language (ODIL) and Okaloosa County School District are pleased to jointly launch the "Italian Cooperative Program" (ICP) beginning at the Niceville High School and Ruckel Middle School in the 2017/2018 school year.

The program is unique as it allows an American school district to provide support for our NATO allies military students, as well as teaching American students more about Italy and the Italian language and culture.

It will provide native Italian language instruction to the dependents of active duty Italian Air Force members stationed at Eglin Air Force Base as part of the F-35 Joint Strike Fighter (JSF) program. Additionally, the ICP will provide the opportunity for American students to learn the Italian language and culture, giving them more global awareness. The ODIL is establishing a study abroad program for all enrolled students in order to better understand and learn the Italian culture.
