

**2023 PETE TAYLOR PARTNERSHIP
OF EXCELLENCE AWARD**

MCEC[®]

Mission Possible – Mission Ready – Mission INC! – Texas and Alabama

PARTNERS:

- Fort Cavazos
- Killeen ISD
- Madison City Schools District
- Meadows Elementary School
- Liberty Middle School
- Killeen Independent School District Technology Services
- 2/82 Field Artillery 1 Cavalry Division

Mission Possible – Mission Ready – Mission INC (Imagine Nationwide Creativity)! gave everyone ownership and a voice. Its vision focused on giving students the opportunity to express themselves, to find their leadership skills from within, and to give them more prospects to expand their knowledge base and experience a twist in concepts that would excite and challenge them.

Activities such as Dream Your Home, STEM races, TexAlabama book studies, and Free Little Libraries connected Adopt-A-School Soldiers and Technology Services with elementary and middle school students. Participating in these activities resulted in an even stronger bond between Meadows Elementary School and Liberty Middle School.

An additional result was an increased morale boost in some of the Soldiers and Technology Services personnel as they enthusiastically interacted with the students. The collaboration gave students opportunities to become independent thinkers and leaders and expand their imagination and creativity as well as collaborating with peers, educators, Soldiers, and community members. Laughter, smiles, and requests for more visits and more activities reinforced the success of Mission Possible – Mission Ready – Mission INC!

Strengthening Military & Community Partnerships for Educational Excellence- Montana

PARTNERS:

- Malmstrom AFB
- Great Falls Public Schools
- Great Falls Chamber of Commerce

Malmstrom Air Force Base, Great Falls Public Schools, and the Great Falls Chamber of Commerce have reviewed and revitalized their long-standing partnerships post-COVID to improve and foster new programs that bolster support for military students embedded within our local school district and are designed to engage our military service members with students and teachers across the Great Falls community. These partnerships support 10,160 students, 12% of them being our military-connected student population, and 710 educators.

All members of the partnership are invested in bolstering students' social-emotional wellbeing, academic development, and career readiness. They are committed to working together to create and build programs that support a united environment in which all students can thrive and one that cultivates learning and professional growth for educators.

Some of the positive outcomes from this partnership are: establishing a PreK classroom to support 18 military children living on the installation, hosting Malmstrom's first PreK-12 Education Summit, implementation of Adopt-a-School program, re-establishment of Student2Student programs post-COVID, initiation of Job Shadow/Internship programs for high school students at Malmstrom, the creation of World of Works (WoW) career expo, collaboration of partners in Malmstrom Works advertising campaign, increased Purple Star Schools, the creation of Purple Star Champion Award, establishing academic informational sessions for newly arrived military students and families, participation in the NMSI Grant, the implementation of teacher professional development opportunities focusing on support of military children and families, and the establishment of new teacher license reciprocity rules for military spouses in the state of Montana.

Bay Area Education Alliance - Florida

PARTNERS:

- Naval Support Activity Panama City
- Tyndall Air Force Base
- Bay District Schools
- Florida State University Panama City
- Gulf Coast State College

Bay Area Education Alliance is set apart from other organizational partnerships by practicing and initiating the constant partnership mantra of collaboration, communication, and education. This belief is the key for our community to prosper and thrive. Each member of this alliance is sincerely dedicated not just to inspiring learning within our community, but also to sharing the gift and benefits of this learning.

Each partner experiences changes in their leadership whether is due to a change of command, a new election, or a job transfer. No matter what happens, our community is still able to continue to preserve and hold fast the ideals of this partnership through the years that included catastrophic natural disaster and global pandemic.

The accomplished growth and success of our community STEM programs across our school district thanks to the help and support of NSA Panama City, Tyndall AFB, Florida State University-Panama City and Gulf Coast State College. These programs have helped our community develop STEM Camps, STEM in a Box programs, CTE Cyber Security certification to name a few. NSA Panama City community outreach with “Touch a Truck” & Career Day allowed our area youth to dream big and plan for their futures. Schools & community tours of both bases show the reach, influence, and most definitely the possibilities for our students.

“A Day in the Life ... Activity Fair” - Alaska

PARTNERS:

- Fort Wainwright
- Eielson AFB
- Fairbanks North Star Borough School District
- Fairbanks North Star Borough
- Fort Wainwright Special Events
- Fort Wainwright School Liaison Office
- Fairbanks Arts Association
- Fairbanks North Star Borough Parks and Recreation
- Fairbanks North Star Borough School District
Military Student Support Coordinator

The Fairbanks North Star Borough (FNSB) is truly a military friendly community. At the Fairbanks International Airport, there is a sign that welcomes the military. It is not uncommon for a military family to go out to eat and someone pays for their meal. There is an annual Military Appreciation Banquet. It is in its 53rd year! The Fairbanks North Star Borough School District is honored to have the opportunity to educate over 3,000 military-connected students. This year, the FNSB was honored on a national level for being named a Great American Defense Community. A partnership was formed to recognize and support our Airman, Soldiers, Marines, Sailors, Guardians, Coast Guardsman, Guard and Reserve members and families. What a way to recognize and show our support for military connected children, tweens, and teens and their parents by holding “A Day in the Life ... Activity Fair”!

“A Day in the Life ... Activity Fair” partnership’s mission is to continue to build strong ties between the community, schools, and military installations, while celebrating military connected children, tweens, and teens.

The goal of our partnership is to give the community an opportunity to learn about and celebrate military connected children, tweens, and teens. Evidence of the need for the event is that we celebrate military-connected students in our schools, on our military installations, and are working to increase more community opportunities to celebrate our youth. As students are choosing a post-secondary path, this partnership highlighted different career options for military-connected children within the community.

PAST WINNERS

2022

Outstanding Community

Maxwell Air Force Base · Elmore County Public Schools · Montgomery Public Schools · Pike Road Schools · Autauga County Schools · MGMWERX · Alabama Military Stability Foundation · Prattville Chamber of Commerce · Montgomery Chamber of Commerce · Alabama State Department of Education · Civil Air Patrol National Headquarters

Exemplary Community

Fort Wainwright · Eielson Air Force Base · Fairbanks North Star Borough School District · University of Alaska Fairbanks Co-Op

Recognized Community

Tyndall Air Force Base · Naval Support Activity Panama City · Bay District Schools

Outstanding Individual

Marine Corps Base Quantico · Prince William County Schools
